Cozy Woodland Cottage — Minecraft Build Guide

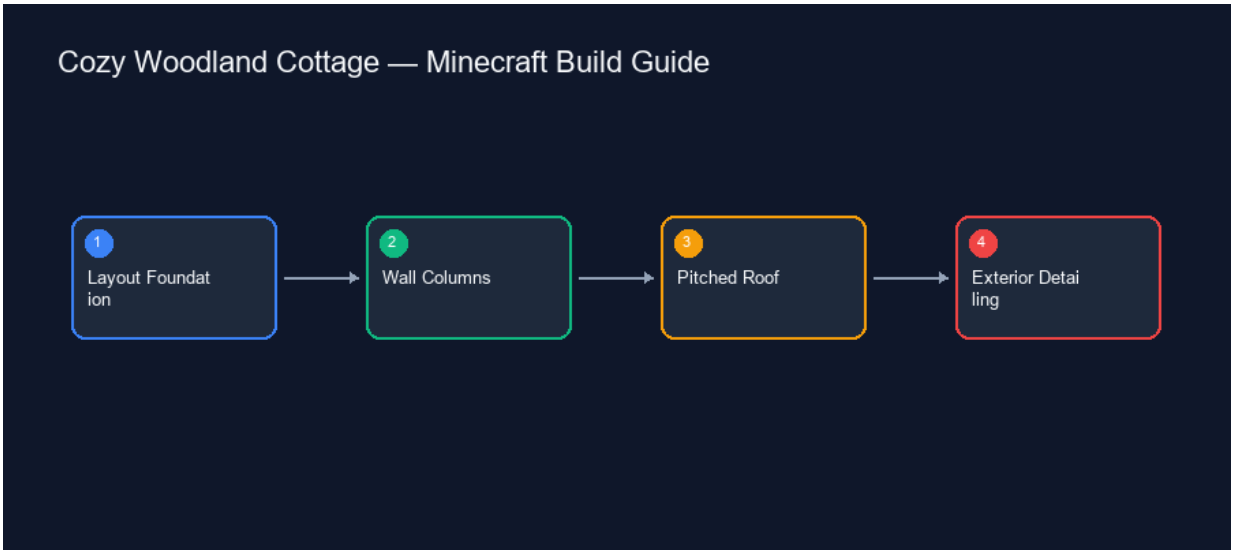

Figure 1: Authentic Minecraft woodland cottage exterior with pitched spruce roof.

- **Key Detail:** Steep A-frame roof creates the iconic cozy silhouette
- **Key Detail:** Cobblestone foundation prevents flat wall monotony
- **Key Detail:** Suspended lanterns provide warm, spawn-proof illumination
- **Key Detail:** Flower planter boxes add organic color to the timber facade

Required Materials & Palette

Material	Structural Role	Quantity
Oak Logs	Frame & Corner Columns	48
Dark Oak Planks	Exterior Wall Panels & Floors	64+
Spruce Stairs & Slabs	Steep Pitched Roof Overhang	64+
Cobblestone	Foundation & Smoking Chimney	32
Lanterns & Flowers	Lantern Lighting & Window Boxes	8

1. Architectural Concept

This build balances compact survival utility with warm rustic aesthetics. The foundation anchors into terrain using cobblestone, transitioning into warm timber walls capped by an aggressive pitch roof that sheds snow and rain.

2. Required Materials

3. Step-by-Step Build Walkthrough

Step 1: Lay a 7x9 cobblestone foundation outline with a 1-block recessed entrance.

Step 2: Erect 4-block high stripped oak log pillars at each corner, connected by horizontal log beams.

Step 3: Fill exterior wall panels with dark oak planks, leaving 1x2 and 2x2 openings for glass pane windows.

Step 4: Construct the steep pitched spruce roof using stairs and slabs, extending a 1-block overhang past the front and back gables.

Step 5: Build the stone chimney along the north wall, integrating a campfire at the crown for authentic chimney smoke.

Step 6: Add detailing: install spruce trapdoor shutters, hanging lanterns, and flower boxes with poppies under every window.

Pro Detailing & Build Tips

- ★ Strip alternating oak logs to add subtle weathered texture.
- ★ Place a campfire inside the chimney top with hay beneath for continuous thick smoke.
- ★ Mix cobblestone with mossy cobblestone and stone bricks near the foundation for organic depth.
- ★ Use spruce trapdoors as decorative window shutters.
